Information

Unity Environmental University does not sell textbooks through the Campus Store. Students will need to make arrangements to purchase or rent their books from an online vendor using the ISBN# provided in their course syllabus in Canvas.

Required book/material information, including ISBN, can also be located in the CAMS Student Portal by selecting "Current term" at the top left and "Course Offering" from the left menu (courses are listed in alphabetical order). Since more than half of our courses use open resources, oftentimes, materials are provided within the course and are free to the student.

The screenshot displays the Unity Environmental University Student Portal. The top navigation bar includes the college logo, name, and the 'STUDENT PORTAL' title. A student profile is visible at the top, with the course 'ANIM301DE03 ANIMAL HUSBANDRY AND GENETICS' selected. The left sidebar contains a menu with 'Course Offering' highlighted. The main content area shows a table of course offerings with columns for Instructor, Room, Days, Date, Start Time, End Time, and Credits. Below the table, a 'Book List' section is visible for the selected course, showing a table with columns for ISBN, Book Cost, Title, Publisher, Publisher Phone, Author, Copyright, and Required. The table lists two items: an open source book with a cost of \$0.00 and a 'Veterinary Anatomy Coloring Book' with ISBN 978-1455776849 and a cost of \$10.00. The total book cost is \$10.00.
